HEADQUARTERS U. S. ARMY,
May 6.—Major Howze reports that
General Antonio Angeles was killed
when the Villistas were routed. He is
a relative of Felipe Angeles, ex-confi-
dant of Villa, and once mentioned for
the presidency.

U. S. ARMY HEADQUARTERS IN
MEXICO, May 6.—The third dashing
attack of the American troops on a
Villa camp has resulted in a third vic-
tory for the Americans and a third
shattering of the Villa forces.

Early today a squadron of the 11th
U. S. Cavalry made a surprise at-
tack on a force of Villistas encamped
at Ojo-Azuules, killed 42, wounded
many more and scattered the outlaws
far and wide.

No casualties were suffered by the
Americans. The Mexicans were taken
so completely by surprise that they
made no stand whatever, firing only a
few shots and then taking to flight.

The American squadron referred to
probably is that of Maj. Howze. A
few days ago a despatch was sent out
from Namiquipa, which said:

"NAMIQUIPA, Mexico, via Army
Radio to Columbus, N. M.—Reports
from Maj. Howze's flying column con-
sisting of a mixed squadron of the
11th Cavalry, first in from a 90-day
hike, which reached 20 miles further
south than any column, extending 60
miles from the American border, are
to the effect that Villa has probably
gone south and west from Monaya and
is still in the state of Chihuahua.

"The column heard that he was only
slightly wounded in the calf of the
leg, although another report was to
the effect that he was wounded in the
head. Howze was once two days be-
hind him and found discarded band-
ages.

"The column narrowly escaped a
battle with Carranzistas at San Bor-
ja, where Gen. Carranza and his troops
formed for a charge. The American
troops were drawn up to repel them
when Maj. Howze rode in between the
forces, waving his hat.

"A battle was fought with Villistas
at Lasca on April 10. Trooper Kiro
was killed and three other Americans
were wounded."

W. G. Lillis, chauffeur examiner,
was bruised when two automobiles
collided at Nuuanu and Hotel streets
this morning. George Porter has been
arrested. He is out on bail to appear
in the police court Monday.

Mr. Lillis was riding up Nuuanu

CLEVELAND TEAM TAKES LEAD IN LEAGUE FIGHT

Indians Win Third Straight
From White Sox, Ousting
Senators From First Place

(Associated Press by Federal Wireless)
CLEVELAND, Ohio, May 6.—Manager
Burr's Indians won their third
straight game from the White Sox to-
day, and jumped into the lead in the
American League race. The upset of
the Cleveland team is the sensation of
the league, and with Speaker and
Landi the Sixth City aggregation is
roving to be one of the best road
teams in the West.

In addition to the ousting of the
Senators from first place, New York
jumped into third place in the Amer-
ican League race, while the White
Sox tumbled down next to the bot-
tom round in Johnson's circuit. For
the first time in some days the Quak-
ers are in the second division, the
tied taking fourth place. "The Ath-
letics won today from the Senators,

ped another close game to Boston.
Despite the showing made by Wash-
ington and Cleveland, many critics be-
lieve that the Sox, Tigers and Red
 Sox will soon be in the lead. The
cores of the games today are as fol-
lows:

HOLDS COURT HAS NO JURISDICTION IN LIBEL ACTION

Objection Made to U. S. Tribu-
nal Hearing Damage Suit
Brought By Kim Hong

SAYS MATTER UNDER
COMPENSATION ACT

But Constitution Provides Fed-
eral Judges Shall Try All
Admiralty Cases

Under the provisions of the Work-
men's Compensation Act, as approved
by Governor Pinkham, are actions for
damages by employees in the territory,
whether in admiralty or of another
nation, barred from the local United
States court.

This question of law, which has not
yet been passed on in the local ju-
risdiction, is raised in an exception
filed in federal court by the law firm
of Smith, Warren & Sutton to li-
bel suit brought against the Inter-
island steamer Claudine by Kim Hong,
a Korean, who asks damages in the
sum of \$21,500.

The constitution provides that the
United States courts have exclusive
jurisdiction in all admiralty cases. The
territory, by the Workmen's Com-
pensation Law, has attempted to give
exclusive jurisdiction to the Indus-
trial Accident Board over every in-
jury received by an employee within
the territory. The result is an at-
tempt to deprive the federal courts of
jurisdiction in admiralty cases.

The case now before the federal
court is that of a seaman employed by
the Inter-island Company, who alleged
he sustained certain injuries last Sep-
tember and is now suing the company
to recover damages for the alleged in-
juries. It is stated in the exception
that he has refused to make a settle-
ment in accordance with the Work-
men's Compensation Law and insists
that his rights be determined by the
United States district court here, sit-
ting in admiralty.

In the exception the question is
raised as to whether the Workmen's
Compensation Law is an exclusive
remedy which applies to seamen as
well as to other employees, or whether
seamen, by reason of the admiralty
jurisdiction of the federal court, are
entitled to ignore the Workmen's
Compensation Law and, instead, bring
suit in admiralty.

In raising this question, the excep-
tion of the steamship company says,
in part:

"That this court is without jurisdic-
tion to entertain, hear or determine
this action for the reason that, an
acts and causes of action for personal
injury received by an employee aris-
ing out of and in the course of his
employment by an employer within
the territory, and the jurisdiction of
all courts over such cases, were and
are expressly abolished by said act
(Workmen's Compensation Act),
which said act provides sure and cer-
tain relief and compensation for such
injured workmen, regardless of ques-
tions of fault and to the exclusion of
every other remedy, proceeding or
compensation."

An attorney interested in the case
stated today that the city attorney's
office has advised the Industrial Ac-
cident Board of Honolulu that it has
exclusive jurisdiction over all cases
regarding injuries to employees, includ-
ing seamen.

(Star-Bulletin Special by Mutual Wireless)
HILO, Hawaii, May 6.—County At-
torney W. H. Beers yesterday accepted
a plea of guilty to murder in the sec-
ond degree in the case of Francisco
Molina in the Kaliua court.

The man was thereupon sentenced
to not less than 20 years in jail.
There is much unfavorable comment
here upon the action of the county
attorney.

PUBLIC LAND IS GOING INTO FEW WEALTHY HANDS

Governor Issues Statement
Showing How Little is Left
for Homesteading

SOME IS SUBJECT OF
LITIGATION AT PRESENT

Japanese in Large Numbers
Upon Soil Which Can
Be Cultivated

How the large landholders are ab-
sorbing the public lands of Hawaii;
how homesteaders after getting full
possession are turning these lands
over to corporations or big individual
holders; also how the territory is in
litigation with L. L. McCandless and
his political and business associate,
John H. Wilson, over certain lands—
all of this is set forth in a statistical
table which Governor Pinkham has
under close consideration.

The governor made no comment on
the figures in giving them out, except
to say this:

"The table will show where the pub-
lic lands of the territory are going
and how little the territory has. Also,
what nationalities are cultivating the
soil and what is becoming of the
homesteads."

HOSTILE AIRMEN FIGHT IN LARGE FORCES ON WEST

Official German Reports Say
Aeroplane Combats In-
crease in Vigor

Air battles on the western front are
now engaging considerable groups of
aeroplanes and Zeppelins, according
to German official reports. The re-
port of the last two days says:

GERMAN OFFICIAL:
GERMAN HEADQUARTERS, May
5.—Lively combats continue today
on the British front between Arment-
ieres and Arras. Near Ginchy and
Enshelle hand grenade combats en-
gaged about the mine crater, where
the enemy has maintained a tem-
porary footing. South of Somme Ger-
man patrols entered the enemy's po-
sitions, repulsed a counter attack and
prisoned one officer and 45 soldiers.

Left of the Meuse German troops en-
tered salient French defensive po-
sitions west of Avenot, which had
been evacuated by the enemy by con-
sequence of German fire. Positions
were destroyed and abandoned ac-
cording to the plan. Southeast of
Hancourt several French trenches
were captured and soldiers made
prisoners. Repeated enemy attacks
against our positions west of Mort-
homme completely broke down. Right
of the Meuse intense artillery activity
is taking place, especially during
the night time. A British biplane
with French insignia was captured by
us on the coast near the Dutch frontier.
The inmates escaped into neutral ter-
ritory.

A German squadron copiously and
successfully bombed railroads in the
Noblette and Auvre valleys.

Air fighting on the west front dur-
ing April, especially in the second half,
largely increased in extent and sharp-
ness. Single fights have been replaced
more and more by fighting of groups
and squadrons, which mostly take
place beyond our lines. On the west
front in April 26 aeroplanes were shot
down by our fliers. Of these nine
were captured by us, besides 10 enemy
aeroplanes which were shot down by
anti-aircraft guns. German losses
amount to 22 aeroplanes. Of these 14
were lost in air combats, four not re-
turned and four shot down from earth.
Air Raid on Ravenna.

GERMAN HEADQUARTERS, May
5.—The Austro-Hungarian admiralty
reports this afternoon that three aeo-
planes of the Austro-Hungarian naval
air squadron bombarded with good
effect a sulphur factory and barracks
in Ravenna, Italy. Conflagrations
were observed at the sulphur factory
and railroad station. Two anti-air-
craft batteries heavily shelled our
aeroplanes, which returned unharmed.
At the same time a reconnoitering tor-
pedo boat squadron south of Pomouth
met four enemy destroyers. A fire
combat ensued at long distance with-
out effect, since superior enemy's ve-
locity not allowed to approach. Sev-
eral aeroplanes joined the combat and
fired with machine guns at enemy's
ships.

"Uncle Joe" is 80 Tomorrow; He is Honored

"Uncle Joe" Cannon.

(Associated Press by Federal Wireless)
WASHINGTON, D. C., May 6.—Joseph
Gurney Cannon, member of Con-
gress from Illinois and affectionately
known to thousands as "Uncle Joe,"
will be 80 years old tomorrow.

Today the House of Representatives
did him honor on a memorable occa-
sion. For the first time in the history
of a working session politics and po-
litical tude and scores were forgot-
ten and business was suspended for
an hour. Democrats joined with Re-
publicans in speeches praising "Uncle
Joe" and his usefulness, humor ming-
ling with eloquence.

NORWAY LODGES FORMAL PROTEST ON MAIL HOLD-UP

(Associated Press by Federal Wireless)
CHRISTIANIA, Norway, May 6.—
Norway has formally notified the Brit-
ish and French governments that the
Norwegian government does not ad-
mit the correctness of their inter-
pretation of The Hague provisions
regarding seizure of mail, and con-
tends the action of the Allies is
against the interests of neutrals.

ASCH DISMISSES JAILER SAID TO ABUSE PRISONER

"If there was any abuse of prisoners
at the Pearl City jail on the part of
Solomon Kemoh there will be no
more as far as he is concerned," said
Deputy Sheriff Julius W. Asch today.
"I recalled Kemoh's commission yester-
day the minute he was found guilty
of the assault charge. Sheriff
Rose gave these instructions before
he left for the mainland."

Mr. Asch also said he had investi-
gated the charge made yesterday and
published in the Star-Bulletin that
Mori, the complaining Japanese wit-
ness against Kemoh, was held in the
Pearl City jail 12 days without hav-
ing a charge preferred against him
and with no recourse to the law.
"I called Deputy John Fernandez at
Pearl City over the phone," said
Deputy Asch, "and he told me that
Mori was held for a time, but not 12
days. He denied that Mori was re-
fused bail and said the first that was
offered was accepted. Mr. Fernandez
said that the Philippines who were
heard had been formally charged, as
their records will show."

Police Judge J. M. Monsarrat, who
brought the matter to the attention of
Deputy Asch yesterday, said today
that he could not understand such ac-
tion by the Pearl City authorities.
Anyone there could have preferred
charges against Mori to comply with
the law, he said.

TEXT OF BERLIN NOTE AGREES WITH EARLY DESPATCHES, AND GENERAL HOPE IS FOR PEACE

Wide Diversity of Comment in British, French and German Press Upon Character and Effect of Note

(Associated Press Service by Federal Wireless.)
WASHINGTON, D. C., May 6.—Indications today are that on
the basis of the submarine controversy as it now stands, the United
States will not break with Germany.

The official text of the German note was received today and its
long diplomatic verbiage was carefully considered by department of
state officials. The official statement shows no material differences
from the unofficial version secured by the newspapers by cable from
Berlin and published yesterday.

The fact that the text differs little from the early reports, and that
they gave some measure of satisfaction, strengthens the probability that
a break between the two nations has been averted at least for the present.

The President went over the text of the German reply carefully
in the White House today, paying particular attention to that part
which touches upon Germany's twice outlining suggestions for peace.
Germany in this portion indicated that she was ready to entertain plans
for peace provided her national interests are satisfactorily safeguarded
but that no response was made by the Allies to her hints.

It is evident from the tone of guarded official discussion here that
there will be no further moves for peace made on the part of the United
States until the Allies are willing to receive suggestions, which, it is
thought, they are not now, because of German demands which they
will not meet.

As showing the passing of the tensest moments in the crisis, Secre-
tary of State Lansing has gone to Annapolis for the week-end, Secre-
tary of War Baker has gone to his home in Cleveland, and Postmaster-
general Burleson, close adviser of the President, has gone fishing.

Another Leader of Irish Rebels Shot

(Associated Press by Federal Wireless)
DUBLIN, Ireland, May 6.—An-
other leader of the late rebellion
here over the German reply and the
eager seizing of newspaper extras
by the crowds, public sentiment has
resumed its normal state. The
Tagliche Rundschau, while ex-
pressing the opinion that the reply
should have taken a different
character, urges that divergent
views upon it now are not warrant-
ed and that everybody should sub-
ordinate his own judgment to the
general good and back up the gov-
ernment in the course it deems
wise.

The Tageblatt expresses the hope
that the reply will attain the desired
aim of preventing war.

FRENCH SENTIMENT IS MUCH DIVIDED OVER EFFECTS OF NEW NOTE

PARIS, France, May 6.—The
French press has varying con-
clusions as to the German reply to the
United States. Some of the Paris
editorial writers consider that Ger-
many has yielded, although with
bad grace, to the insistent demands
of the United States. Others be-
lieve that the document is but an
involved and tortuous refusal of the
American demands.

STANCH BRITISH PAPER THINKS NOTE WORTHLESS

LONDON, Eng., May 6.—The
Manchester Guardian expresses the
belief today that the German note
is not a satisfactory reply to the
American demands for modification
of submarine warfare.
"Is this concession likely to sat-
isfy the United States after two
previous pledges have proved
worthless?" the Guardian asks.

TWO PROVINCES UNITE FOR NEW GOVERNMENT

(Special Cable to Nippon Jiji)
TOKIO, Japan, May 6.—Kwantung
and Kiang Si provinces have joined
together as a military government
and Tsou Chun Huen has been se-
lected as commander-in-chief of the
combined armies. Yunnan and
Kweichow have sent representatives
to Canton to confer with the mem-
bers of the two representative parties
and will petition for entrance into the
new military government. This is the
outgrowth of the Republican Protective
government established one week ago.

NAVY LEAGUE ANGRY AT FORD

WASHINGTON, D. C., May 6.—The
Navy League today brought suit
against Henry Ford, the auto manu-
facturer and peace propagandist, for
\$100,000 damages. Ford has been con-
ducting a widespread advertising cam-
paign against "preparedness" and the
league alleges that in some of this
advertising matter he has made libel-
ous utterances.
The 18,000 regularly established li-
braries in the United States contain
more than 75,000,000 volumes, an in-
crease of 20,000,000 in seven years.
